Birger Vik

ECH CANOE MARATHON 1995-2023

PREFACE FROM EDITOR

During the last 23 years I have attended all World and European Championships in Canoe Marathon (except 2 Europeans). I have collected the results from all Championships: 19 ECHs and 31 WCHs. For Europeans: a database with more than 3500 names. For the Worlds: more than 4200 names.

From the databases/spreadsheets it is convenient to make statistics for many purposes. The editor has always been a “statistics geek”. Maybe also other people find some interesting facts about canoe marathon, the competitors, distribution of medals individually or by nation.....or something you find more interesting. All figures and facts are based on the official results which are available. I cannot give any guarantees that all the information there is 100% correct, and in some old documents some information is lacking. It is also many possibilities for errors transferring data from official results to spreadsheets/databases. If you discover mistakes or have other information, please let me know.

A wrm “thank you” to Caroline Cooper for letting me use some of her fantastic marathon photos!
